Campus Hiring - Job Announcement – for 2025-26 batch

Company Overview:

Bacancy Services Pvt. Ltd. is a global, Agile-driven offshore web development company with a strong presence in India, the USA, Australia, and Canada. With a team of over 800 professionals, we specialize in software product development, web and mobile application development, Microsoft and open-source platforms, and digital marketing solutions.

We empower organizations of all sizes to achieve their digital transformation goals by connecting strategy, processes, and culture into meaningful solutions.

Why Bacancy?

At Bacancy Services Pvt. Ltd., we are more than just a service provider—we are your collaborators in growth. With a team of 800+ skilled developers, certified scrum masters, and solution architects, we deliver result-oriented solutions that ensure a high return on investment.

What We Value

- Customer Satisfaction is our top priority
- People Matter. We invest in our teams
- Embrace Change. Innovation is born from adaptability
- Communication is Key. Especially in today's digital-first world
- Agile Mindset. Our teams are self-organizing and purpose-built
- Learn Fast. Fail early, adapt quickly, and grow continuously
